

Hartford Park and Recreation Board Agenda - Monday May 20, 2024

City Hall- 6:30 PM

1) ROLL CALL

- Matt Evans – President
- Gail Blocker – Vice President
- Kandi Lewin – Secretary
- Wendy Kuehl
- Tim Weber
- Ryan Horn - City Council Representative
- Craig Wagner – City Employee Representative

2) APPROVAL OF THE AGENDA

3) APPROVAL OF PREVIOUS MINUTES - From April 22, 2024

4) PUBLIC COMMENTS

- a. Public Input of Non-Agenda Items

5) REPORTS

- a. Updates from Council & Staff Members

6) OLD BUSINESS

- a. **Swenson Park** – Concession / restroom update
- b. **Pickleball Updates**
- c. **Batting Cages Updates**
- d. **2024 Budget Items with Estimates**
- e. **Review 1-5 Parks Capital Improvement Plan** - Discuss cost estimates, timeframes & reprioritizations.

7) NEW BUSINESS

- a. AED first aid kit grants/prices
- b. WC Hartford Elementary Playground Equipment
- c. Development Groups Future Parks – Have dues been paid/land donated? (Gail)
- d. Dero Fixit Public Bike Repair Stations <https://www.dero.com/product/fixit-plus/>
- e. Memorial Tree Program (See Wendy's email)

8) OTHER ITEMS

- a. Review Agenda Items for June's Meeting

9) ADJOURNEMENT

- a. **NEXT MEETING** - June 24, 2024

HARTFORD PARK AND RECREATION BOARD-REGULAR MEETING MINUTES

April 22, 2024

Park & Recreation Board Meeting was called to order:

- **By:** Matt Evans
- **Time:** 6:30 pm
- **Location:** Hartford City Hall

1) ROLL CALL

- Matt Evans – President
- Gail Blocker – Vice President
- Kandi Lewin – Secretary
- Wendy Kuehl
- Tim Weber –
- City Council Representative
- Craig Wagner – City Employee Representative
- Members of the Public:
 - none

2) APPROVAL OF AGENDA

- **Motion:** A motion was made to approve the agenda as set:
- Motion was made by: Lewin
- Seconded by: Blocker
- All voted yes, motion carried.

3) APPROVAL OF PREVIOUS MINUTES

- **Motion:** A motion was made to approve the Minutes from the April 01, 2024 meeting:
- Motion was made by: Blocker
- Seconded by: Kuehl
- All voted yes, motion carried.

4) PUBLIC COMMENTS

- No public comments on non-agenda items

5) REPORTS

- City Administrator Sidel & Craig Wagner provided updates in the Board Packet.
- Craig – Slide broke in park. We are just getting the parks ready for spring/summer.

6) OLD BUSINESS

a) Swenson Park – Concession / Restroom:

- i) **Release of Funds** - The City released the \$255,000 in the city's 2024 budget to erect a concession/restroom building at the sports complex. The layout and cost estimate provided by the Park & Rec committee was reviewed and approved by the Board on 2/6. The city will be the general on the project and components of the buildings will be bid out separately.

HARTFORD PARK AND RECREATION BOARD-REGULAR MEETING MINUTES

April 22, 2024

- ii) **Bid Process** – The City is currently advertising for bids, with bid opening planned for 5/1 at 3pm. The bids will then be reviewed by the city council for approval on 5/7. Once bids are approved, staff will start working with the contractors to erect the building.
 - (1) We did re-bid the electric it will be May 7th
- iii) **Construction** – The City’s plan is to start work in May and have the building up by this fall.
- b) **Pickleball**–
 - i) **Council Approval** - At their last meeting on March 16th, the city council approved the Park & Recreation Board’s recommendation to approve the pickleball facility layout and release funds for 1 double court, fencing for those courts, outside improvements to include extension of the parking lot and sidewalk placement, and 3 benches. As discussed at our last meeting, the Board can look at budgeting for a new restroom facility in that area and additional future courts.
 - (1) **Total: \$56,740:**
 - (2) **1 Double Court - \$36,500** for the Goldenwest
 - (3) **Fencing - \$4,480** for the double court
 - (4) **Outside Improvements - \$12,760 –**
 - (a) Extend Parking lot \$1,000, 25’ east, crushed concrete.
 - (b) ADA parking pad \$4,200
 - (c) 8’ Sidewalk going east \$4,000
 - (5) **3 Benches - \$3,000** – (\$1,000 each; 2 inside, 1 outside)
 - ii) **Future Updates:**
 - (1) **Restrooms** – \$21,250:
 - (a) Concrete floor \$1,000
 - (b) Concrete pad \$250
 - (c) Structure \$7,500
 - (d) Electrical \$3,500
 - (e) Plumbing \$5,000
 - (f) Misc \$4,000
 - (2) **Additional Courts**
- c) **Batting Cage Updates** – The city budgeted \$17,500 for a new batting cage structure at Swenson Park. The City Council has released these funds and Craig has the equipment on order – we have received most of the parts, just waiting on a second net. Once received, we can erect this equipment – Craig plans to place it between the 2 south ballfields.
- d) **2024 Budget Items with Estimates**
 - i) Enclosed is a list of 2024 Budget Items for review. This has been revised to include the Goldenwest donation and the additional improvements that were just approved for the pickleball facility. There is roughly \$3,260 in budget funds that are unallocated at this time. No expenses have been paid out yet.
- e) **Review 1-5 year Park Capital Improvement Plan:** Board reviewed the 1-5 year park CIP. Updates are on-going. Projects have been identified and cost estimates will need to be established.
 - i) Craig – Find prices for concrete parking lot for Swenson vs crushed concrete

HARTFORD PARK AND RECREATION BOARD-REGULAR MEETING MINUTES

April 22, 2024

- (1) Additional parking unpaved. Grading, etc. \$215 K, asphalt is apx \$850k which is the standard for the city. Would need to go through planning and zoning to get this requirement waived.

7) NEW BUSINESS

a) HASR Requests:

- i) **First Aid Kit and AED:** Currently there is no 1st aid kit or AED at Swenson Park or any other park within the city. Without a building that is accessible for these items, there is no place to store them. Once we get the concession stand up, we can discuss having these items placed inside this building. Our suggestion for now is to have each coach carry the basic 1st aid items, if there is a serious injury, 911 will have to be called. (Cost estimate for a large 1st aid kit is \$100, Cost estimate for an AED device is \$1,500 to \$2,000)
 - (1) **Gayle** – We can check with Sanford Health Community Dividend Fund Application Form to get one free from them. City would need to apply.
 - (2) **Wendy** – Poet offers an outreach grant that we could possibly apply for
 - (3) **Craig** – These things would need to be stored indoors in concession area. Wondering who would have access to this for each sporting event.
- ii) **Relocation of current concession/storage shed:** Craig sees no issue with the city relocating the current concession/storage shed to outside of the NW field. We can also ensure electricity is accessible.
 - (1) **Craig** was already planning on doing this
- iii) **Maintenance of the Fields:** Currently the city does budget to fertilize, seed, and aerate the field when needed in all our park areas. Unfortunately, it takes time for new grass to grow and fill in. We just installed a watering system for the soccer field at Swenson Park just last year – this will help this process.
 - (1) This is maintenance so comes out of general fund and the city will handle.
- iv) **Playground Equipment for Swenson Park:** The Board has already identified this as a need in our CIP. If the HASR can help with funding this project, it will obviously push this project to the forefront. Play systems can range anywhere from \$10,000 to \$80,000, depending on size and features. It would probably best to set a budget – this will dictate the size. For location, Craig and Teresa are suggesting placement towards the middle of the complex. I have included a layout of the entire complex and we have marked with a red X suggested locations.
 - (1) **Matt** – Confirm with HASR if they are going to fundraise. One playset Craig found was \$32,000. The recommended areas are marked with red X on the map. If they are going to fundraise we can remove from our Project schedule.

8) OTHER ITEMS

a) Agenda Items for Next Meeting:

- i) AED first aid kit grants/prices
- ii) 2025 Capital Improvements prioritization

9) ADJORNMENT

- Motion: A motion was made to adjourn the meeting.
- Motion was made by: Lewin

HARTFORD PARK AND RECREATION BOARD-REGULAR MEETING MINUTES

April 22, 2024

- Seconded by: Kuehl
- Time of Motion: 7:35 pm
- All voted yes, motion carried.

a) Next Meeting - May 20, 2024

MEETING CERTIFICATION

I, Kandi Lewin, Secretary, do hereby certify that the above and foregoing are a true and correct copy of the minutes which are on file at Hartford City Hall.

5/20/2024

Park & Recreation Board City Administrator Report

NON-AGENDA ITEMS:

- **2024 City Projects**
 - Swenson Park Concession Stand
 - Pickleball Courts and Improvements
 - Water loop along Railroad Street
 - New street by water tower – 12th Street & Oaks Drive
 - Wastewater Treatment Facility
- **Pool Update:** The city plans to open the pool this season on May 20th. Amy Sebert has been hired again as the pool manager and we have hired all pool personnel. We have added a 2nd Power Hour (pool aerobics) for the evening – it will be M, W, TH from 5:30 to 6:30.
- **Summer Recreation Program:** Each year the city offers a 4 week summer recreation program for area youths (Kindergarten-6th grade). This is a free program where kids can enjoy games and crafts. Laura Johnson is the Director of the program – she does a great job. This program is held at the city's large park (Lyon Park) each morning M-F. It will run from July 8th to August 2nd.
- **Council Representative:** New council member Ryan Horn has been appointed to serve on the Park & Rec Board to fill out Chris Woslager's term.
- **New Canopy:** City staff have erected the new shade canopy that was purchased last year for the grassy area between city hall and the library. In the summertime this area receives a lot of sun and gets quite hot to use. This canopy allows more shaded area for the public. The library sent me a short email thanking us for the new canopy – see enclosed.

AGENDA ITEMS:

Old Business

- **Swenson Park Concession/RR Building Update:** On Feb 26th, the city council approved the release of funds (\$225,000) for a new concession/restroom building at the sports complex per the Park & Rec Board recommendation. The city will be the general contractor on the project and components of the building have been bid out separately. All building components were awarded to the low bidders, except the extra concrete sidewalk (which was an add alternate to the project and can be placed at a later date) and the electrical (which we plan to present to the city council again on 5/21). The starting budget for this project was \$230,320. The updated budget after bid awards is \$211,982 – if the council awards the low bid for the building electrical this cost will increase to \$224,632 (just at budget). Staff has sent out award letters and Craig has started coordination of the project. Our plan is to start work in May/June and have the building up by this fall. (I have again included the building layout and updated cost estimate for reference).
Note: Central States placed a bid for the steel roof – they are donating all the materials at no charge. The city discussed placing a plaque at the building to recognize this donation.
- **Pickleball Update:** In March, the city council approved the Park & Recreation Board's recommendation to approve the pickleball facility layout and release funds for 1 double court, fencing for those courts, outside improvements to include extension of the parking lot and sidewalk placement, and 3 benches. As discussed at our last meeting, the Board can look at budgeting for a new restroom facility in that area and additional future courts. Craig plans to work with the contractor that received the sports complex bid (A&B concrete) to secure a bid for the pickleball courts.
Note: Wendy had asked if we could utilize the basketball court in the city park as another pickleball court. I know this was discussed by the Board last year as a possibility until we can get actual courts built. I believe we thought this could be done but the surface of the basketball court does have a few challenges as well and the various lines may get confusing. I think we decided to forego that plan if we can erect courts this year but wanted to double check to see if that is still the thoughts of the Board.
- **Batting Cage Update:** The city budgeted \$17,500 for a new batting cage structure at Swenson Park. The City Council has released these funds, and the equipment has been received. Staff are working on placing this out at the Sports Complex between the 2 south fields. Map enclosed.

- **2024 Budget Items:** Enclosed is a list of 2024 Budget Items for review. This has been revised to include the Goldenwest donation and the additional improvements that were just approved for the pickleball facility. There is roughly \$3,260 in budget funds that are unallocated at this time. There has been no expense paid yet from the 2024 budget.
- **Review 1-5 Year Capital Project Plan for Park & Rec:** The 1-5 year capital project plan for Park & Recreation shows possible projects/improvements to the city's park system. Kandi has updated the CIP per Board discussion from our last meeting. All the projects can be reviewed and discussed. There are several cost estimates that are not shown on the spreadsheet, so we need to work on getting some of those figures. The Board will need to consider each project and a timeline for that project. This plan will be instrumental in our budget process. Please review it before the meeting and note any changes or considerations you want to discuss.

New Business

- **AED Grants:** Gail and Wendy each provided me with information on two possible grants for AED equipment at our ballfields.
 - Sanford Community Dividend Fund: This grant promotes better health for all and helps to provide funds to support demonstrated community health needs (prioritizing needs above \$20,000). It focuses on four categories - Healthcare: virtual care, long-term and senior care programs, and rural health access programs; Workforce & Education: Health care workforce recruitment, leadership development, regional workforce, and academic partnership with school research programs; Social & Community Wellbeing: Health education and access to care, food security and nutrition, mental health and addiction services, community athletic programs; and Neighborhood Infrastructure & Advancement programs: affordable housing and transportation. Funding requests below \$20,000 should align with athletic program support, community health improvement, economic development, education or workforce development, military and veterans' services and scholarship endowment. I thought we could submit for an AED under "athletic program support" – I submitted the application and it stated that it takes about 6 weeks for the application review.
 - Poet Community Impact Grant: This grant will allow a one-time grant up to \$4,000 for local nonprofits, schools and churches for projects that improve their town – no specific requirements listed. The application time period is from 4/16 to 5/24. I applied for this grant as well.

Note: I applied for 1 AED from each grant – hoping we would get at least 1 AED for the sports complex and if we happen to get both grants then we can utilize one AED at Lyon Park.

- **West Central Elementary Playground Equipment:** As indicated in an email earlier this month to the Board, the city is able to get some old playground equipment from West Central school. The school is re-doing their playground at the Hartford Elementary building in conjunction with their expansion. We were told that they plan to get rid of the current play system at their playground and get a new one. The school is willing to donate the equipment to the city. Craig has looked it over and has indicated that it is in good shape and with a little reburnishing, it will be safe for use at the Sports Complex with no liability issues. The equipment needs to be off the school grounds by next Tuesday, so staff are planning on disassembling it this Friday.
- **Development Groups Future Parks:** For the Board's information, the city requires new developments to either donate land equal to 5% of the total development or to pay the city \$1,000 per acre to help provide land or funds for future parks or public spaces. Due to the price of land, most developers have paid the fee (since it's cheaper than the land) to the city. This money goes into the city's general fund, which is where the city council budgets Park & Rec Boards requests. If the city receives land, this Board will need to discuss the use of the land and request funds to develop it. Right now, the city is in discussions with Turtle Creek Highlands to donate land for either a park or bike path and the HADF to donate land for a bike path to the Sports Complex. The other developments have paid the fee to the city. (FYI – the Planning & Zoning Board is talking about revising the fee structure to push developers to donate land verses funds – more to come on this).
- **Dero Fixit Public Bike Repair Stations:** Wendy came across a couple of items that she thought the Board may want to look at adding to our parks. The first item is a Dero Fixit public bike repair station. She provided this link: <https://www.dero.com/product/fixit-plus/> If the Board thinks this would be utilized and is interested in it, we can request a quote.

- **Memorial Tree Program:** Wendy also came across a “Memorial Tree Program” at a park in Spearfish – see picture. This is something for the Board to discuss as well.

Call if you have any questions 605-528-6187 or 605-906-1750. Or email me at cityhall@hartfordsd.us Teresa

Subject: New Canopy!

Hi, Teresa,

Just a shout out for the new canopy! Thank you so much! We can use that grassy area for children's programs and to sit outside and read and enjoy lunch.

Thanks again,
Stephanie

Subject: Park things

Hello,

Just a couple of things I have seen in city parks that I thought were cool. This is a Bike repair station, I added the link for bike repair station. Also, there was a memorial tree program in Spearfish, I attached the pic of board. Maybe it's something we can talk about at our next meeting.
