GENERAL PROVISIONS

1.01 Title and Application

These regulations shall be referred to as the 2016 Revised Zoning Ordinance of the City of Hartford.

1.02 Jurisdiction

The provisions of this ordinance shall apply to all territory within the boundaries of the City of Hartford, South Dakota, as established on the Official Zoning Map of the City of Hartford.

1.03 Purpose

These regulations have been based upon The Hartford Comprehensive Plan adopted and in conformance with Chapter 11-4 and 11-6 of South Dakota Codified Laws. These regulations are designed to carry out the goals, objectives, and policies of the Comprehensive Plan.

The Zoning Ordinance is intended to:

- * lessen congestion in the streets;
- * secure safety from fire, panic and other dangers;
- * promote health and the general welfare;
- * provide adequate light and air;
- * prevent overcrowding of land;
- * avoid undue concentrations of population; and
- * facilitate the adequate provision of transportation, water, sewers, school, parks and other public necessities.

1.04 Provisions of Ordinance Declared to be Minimum Requirements

In their interpretation and application, the provisions of this ordinance shall be held to be minimum requirements, adopted for the promotion of the public health, safety, and general welfare. Wherever the requirements of this ordinance are at variance with the requirements of any other lawfully adopted rules, regulations, ordinances, deed restrictions, or covenants, the most restrictive or that imposing the higher standards, shall govern.

1.05 Penalties for Violation

If the Authorized Official determines that a violation of the provisions of this Ordinance has occurred, they shall issue a notice of violation and give the landowner time to comply with the Ordinance. If the person fails to comply within the time designated, then a citation shall be issued and the landowner assessed a civil penalty, which shall be set by resolution of the City Council. Each day that the violation continues shall be considered a separate offence and subject them to additional civil penalties. The City may file legal proceedings to collect the civil penalties and/or to correct the violation.

The owner or tenant of any building, structure or premises, any architect, builder, contractor, agent or other person who commits, maintains, assists in or participates in such violation may be also assessed a civil penalty.

1.06 Separability Clause

Should any section or provision of this ordinance be declared by the courts to be unconstitutional or invalid, such decision shall not affect the validity of the ordinance as a whole, or any part other than the part so declared to be unconstitutional or invalid.

1.07 Repeal of Conflicting Ordinances

All prior ordinances or parts of prior ordinances in conflict with this ordinance are hereby declared repealed.

1.08 Effective Date

These regulations shall be in full force and effect from and after their passage, approval, publication and effective date of the Zoning Ordinance of the City of Hartford, as provided for by South Dakota law.

2

DISTRICTS AND BOUNDARIES

2.01 Districts Designated

The City is hereby divided into the following districts:

NRC	Natural Resource Conservation
R	Residential
MH	Residential - Manufactured Housing
NC	Neighborhood Commercial
CC	Community Commercial
RC	Regional Commercial
CB	Central Business
LI	Light Industrial
HI	Heavy Industrial

2.02 Adoption of Official Zoning Map

The Official Zoning Map for the City of Hartford, on record with the Finance Officer, is hereby adopted by reference and declared to be a part of this ordinance.

2.03 Changes to Official Zoning Map

Changes to or replacement of the Official Zoning Map shall require amendment of these regulations by ordinance, as provided for in 18.01 of these regulations.

2.04 Interpretation of District Boundaries

Where uncertainty exists as to the boundaries of the districts as shown on the Official Zoning Map, the following rules shall apply:

- A. Boundaries indicated as approximately following platted lot lines or city limits shall be interpreted to follow such platted lot lines or municipal limits;
- B. Boundaries indicated as approximately following railroad lines shall be interpreted to be midway between the main tracks;
- C. Boundaries indicated as approximately following the center lines of streets or other rights-of-way, or streams or other bodies of water, shall be interpreted to follow such center lines;

- D. Distances not specifically indicated on the Official Zoning Map shall be determined by the scale of the map. Where physical or cultural features existing on the ground are at variance with those shown on the Official Zoning Map, the Board of Adjustment, as established in Chapter 17, shall interpret the district boundaries.
- E. Where a district boundary line divides a lot which was in single ownership at the time of passage of this ordinance, the Planning Commission may permit, as a Conditional Use Permit the extension of the regulations for either portion of the lot into the remaining portion of the lot.

2.05 Annexations

In all territories which may hereafter be annexed to the City, the zoning districts as they exist in Minnehaha County shall be continued until otherwise changed by ordinance.

3

NRC: NATURAL RESOURCE CONSERVATION DISTRICT

The purpose of this district is to preserve lands best suited for natural drainage areas, public open space, and agricultural uses from encroachment by incompatible uses. 5.04 Manufactured Home Park Licensing and Compliance

- A. Definitions. Whenever used in this chapter, the following words shall have the meaning indicated, unless the context clearly indicates otherwise:
1. **Manufactured home** means the definition of manufactured home contained in 20.02 Definitions, hereof.
 2. **Manufactured home park** means the definition of manufactured home park contained in 20.02 Definitions, hereof.
 3. **Travel trailer** means the definition of travel trailer contained in 20.02 Definitions, hereof.
 4. **Travel trailer campground** means any plat or ground on which a camper, travel trailer, motor home or tent is located for short-term occupancy regardless of whether or not a charge is made for such accommodation. However, such definition shall not include the premises of one who stores thereon a single trailer of which he is the owner.
- B. Minimum area. No manufactured park as defined herein shall be located on any parcel of ground having a surface area of less than five (5) acres unless abutting an existing mobile home park. A minimum of fifteen (15) manufactured home spaces must be provided for occupancy under the initial construction of a manufactured home park to ensure that streets, parking and other facilities are completed for the first occupants.
- C. Administration; right of entry for inspection. The administration and enforcement of this article shall be under the supervision and jurisdiction of the Zoning Administrator of the City.
- The Zoning Administrator shall have the right and is hereby empowered to enter upon any premises on which manufactured homes, travel trailers or campers are or about to be located and inspect the same and all accommodations connected therewith at any reasonable time.
- D. Location outside parks.
1. Except as otherwise provided, it shall be unlawful, within the limits of the city, to park any manufactured home or travel trailer on any street, alley or highway, or other public place, or on any tract of land owned by any person

occupied or unoccupied, within the city.

2. Emergency or temporary stopping or parking is permitted on any street, alley, or highway for not longer than one hour subject to any other or further prohibitions, regulations, or limitations imposed by the traffic and parking regulations for that street, alley or highway.
3. No person shall park or occupy any mobile home or travel trailer on the premises of any occupied dwelling, except the parking of only one (1) unoccupied travel trailer in an accessory private garage building or in the rear yard in any district is permitted providing no living quarters shall be maintained or any business practiced in the travel trailer while so parked or stored. Temporary parking of an occupied or unoccupied travel trailer for a period not to exceed seven (7) consecutive days is permitted on private property.

E. Permanent occupancy. Manufactured homes may be used as permanent places of adobe, or as, permanent dwellings for an indefinite period of time only in the following case:

1. Where such manufactured home is lawfully located and maintained in a manufactured home park.

F. License; application and issuance.

1. It shall be unlawful for any person to establish, operate or maintain or permit to be established, operated or maintained upon any property owned or controlled by him, a mobile home park or travel trailer campground within the limits of the city without having first secured a license for each of them from the city granted and existing in compliance with the terms of this article. All licenses shall expire on the first day of January of each year, but may be renewed under the provisions of this chapter for additional periods of one year. Each application for a license shall include a showing that the applicant's premises comply with this article or any amendment of the same, except as provided in Section H. A license fee established by resolution shall accompany each application for a new license or the renewal of an existing license.
2. The initial application for such license shall be made in conjunction with the building permit application according to the procedures in Zoning Regulations: 16 Building Permits, Fees and Certificate of Occupancy. The renewal of the license shall be filed with the finance officer. The application for a license or a renewal thereof shall be made on printed forms furnished by the finance officer and shall include the name and address of the owner in fee of the tract, if the fee is vested in some person other than the applicant, a duly

verified statement by that person, that the applicant is authorized by him to construct or maintain the mobile home park and make the application and such legal description of the premises, upon which the manufactured home park is or will be located as will readily identify and definitely locate the premises. The application shall be accompanied by two (2) copies of the park plan showing the following, either existing or as proposed:

- a. The extent and area used for park purposes.
- b. Roadways and driveways.
- c. Location of sites or units for manufactured homes.
- d. Location and number of sanitary conveniences, including toilets, washrooms, laundries and utility rooms to be used by occupants.
- e. Method and plan of sewage disposal.
- f. Method and plan of garbage removal.
- g. Plan for electrical power of units.

G. Inspection fee. Each manufactured home moved onto a manufactured home park lot shall be inspected by the Zoning Administrator of the city and an inspection fee paid by the manufactured home owner to the finance officer prior to occupancy of the manufactured home. Said inspection fee shall be set by resolution. Such inspection shall insure compliance with the provisions of this article. Licenses issued under the terms of this article convey no right to erect any building, to do any plumbing work or to do electrical work, and are not transferable.

H. Temporary license. Manufactured home parks in existence prior to January 1, 2008, may be granted a limited license annually for eight (8) years from that date without complying with all of the restrictions and requirements imposed by this article. However, at the end of that time period, the manufactured home park shall be in compliance with this article or any amendment of the same.

However, the owner of each manufactured home park granted a temporary license under the terms of this section shall submit signed park plans, specifications and statement of intention to the city finance officer by July 1, 2008, revealing the owner's plan to bring the park into full conformance of this article by January 1, 2018. The plan shall show improvements to be made on a yearly basis and must be approved by the city council.

In no case shall any manufactured home be moved into any manufactured home park that does not have a manufactured home park license or onto an existing

manufactured home lot which does not comply with the area and yard requirements of this article or the requirements of the approved park plan.

An annual inspection shall be made or caused to be made by the building official to ensure compliance with all provisions of this article. Those manufactured home parks having deficiencies shall be notified of the deficiencies and allowed thirty (30) days in which to correct them. At the end of the thirty-day period, the building official shall determine if the deficiencies have been corrected; and if they remain uncorrected, he shall suspend the license of the manufactured home park.

I. Plan. The applicant for a manufactured home park license shall submit with his application a plan of construction within the proposed park adhering to and observing the space limitations and requirements hereinafter prescribed and within a manufactured home park, the following space regulations and other requirements shall apply:

1. Area requirements:

- a. Minimum lot area shall be five thousand five hundred (5,500) square feet.
- b. Minimum lot width at building line shall be fifty (50) feet.
- c. Minimum space between manufactured homes shall be ten (10) feet if a one-hour fire resistive wall eight (8) feet in height is constructed on the lot line between the front yard and rear yard lines. In the absence of such a wall, the minimum space between manufactured homes shall be twenty (20) feet. Except, manufactured homes located on lots within manufactured home parks at the time of passage of this ordinance shall be required to have a minimum distance between manufactured homes or structures attached thereto of sixteen (16) feet so long as said manufactured home remains on the same lot.
- d. Maximum projection of an attached structure to one side shall be five (5) feet and a carport may be attached; said projections shall not be included in side yard measurements. Any projection other than the two (2) above specified instances shall be counted in determining side yard requirements.
- e. Side yards shall be at least seven (7) feet and rear yards shall be at least twenty-five (25) feet.
- f. Front yards of twenty-five (25) feet shall be provided from the public or private street as the case may be.

- g. In no case shall any manufactured home occupy more than one-third the total area of any lot.
- h. Exceptions to area requirements for lots established in manufactured home parks prior to January 1, 2008.
 - I. Minimum lot area shall be twenty-two hundred (2,200) square feet.
 - II. Minimum lot width at building line shall be thirty-one (31) feet.
 - III. Front yards of twenty-five (25) feet shall be provided on public or private streets measured from the lot line. The maximum building site of each manufactured home shall be shown on the park plan for each manufactured home lot.
- J. Building size is the measurement of the manufactured home excluding the trailer hitch and tongue.
 - 1. Street and access requirements:
 - a. Minimum roadway widths within a manufactured home park shall be:
 - Twenty (20) feet with no parking on roadway permitted.
 - Thirty (30) feet with parking permitted on one side only.
 - Forty (40) feet with parking permitted on both sides.
 - b. All manufactured home space shall abut upon hard surfaced streets. Surfacing shall be Portland cement concrete or asphaltic concrete. Completion of surfacing shall be within two (2) years of the date of passage of this ordinance or one year of the construction of a new manufactured home park.
 - c. All dead-end streets or roadways shall terminate in an open space having a sixty-foot minimum diameter. No dead-end street or road shall exceed five hundred (500) feet in length.
 - d. Streetlights of one hundred seventy-five (175) watt luminaires at one hundred fifty (150) feet maximum spacing shall be provided for the safe movement of pedestrians and vehicles at night.
 - e. Sidewalks shall be provided within the manufactured home park between the individual manufactured homes, the park streets and all community facilities provided for park residents. Interior sidewalks and

individual walks shall be of Portland cement concrete at least four (4) inches in thickness and two and one-half (2 ½) feet in width; except, individual walks two (2) feet in width may be retained where they exist on the date of passage of this Code. Exterior sidewalks and sidewalks along public streets shall comply with the requirements of the ordinances of the city pertaining to public sidewalks.

- f. The owner of a manufactured home park shall provide a roadway which shall be at least twenty (20) feet in width with no parking permitted, or thirty (30) feet in width with parking permitted on one (1) side only or forty (40) feet in width with parking permitted on both sides for the purpose of connecting the roadway system within the manufactured home park with the public highway system.
 - g. It shall be unlawful and a violation of this article for any person to obstruct any roadway required by the provisions of this section.
- 2. Every manufactured home park shall be located on a well-drained area, and the premises shall be properly graded so as to prevent the accumulation of storm or other waters.
 - 3. Car parking areas shall be provided at the rate of at least two (2) car spaces for each manufactured home lot, and at least one (1) of the spaces shall be located on the lot. The car parking spaces shall be surfaced with Portland cement concrete or asphaltic concrete completed in place before occupancy. In no case shall parking be permitted on interior drives within twenty-five (25) feet of exterior driveways or interior intersections.
 - 4. Exposed ground surfaces in all parts of every mobile home park shall be paved, or covered with stone screenings, or other solid material or protected with a vegetative growth that is capable of preventing soil erosion and of eliminating objectionable dust.
 - 5. Each manufactured home space shall be provided with a hardstand of sufficient size and depth to adequately accommodate a manufactured home.
 - 6. Anchors such as deadmen, screw augers or arrowhead anchors approved by the Zoning Administrator for the city shall be provided and installed by the owner of each manufactured home.
 - 7. Each lot in the manufactured home park shall be identified by a clearly visible number the size of which shall be at least three (3) inches in height.
- K. Water supply and sanitary sewer. Within any manufactured home park the following regulations applicable to water supply and sanitary waste removal shall

be observed:

1. All units in the manufactured home park shall be served by a connection with the public water supply, an adequate supply of pure water, furnished through a pipe distribution system connected directly with the city water system.
2. All units in any manufactured home park shall be equipped with flush-type toilets and be connected to the city sewer system.

L. Refuse disposal. Within any manufactured home park the following regulations relating to the collection and disposal of solid and semisolid waste shall be observed:

1. The storage, collection and disposal of refuse in the manufactured home park shall be so managed as to create no health hazards, rodent harborage, insect breeding areas, accident or fire hazards, or air pollution.
2. All refuse shall be stored in flytight, watertight, rodent-proof containers, which shall be located not more than one hundred fifty (150) feet from any manufactured home space. Containers shall be provided in sufficient number and capacity to properly store all refuse.
3. All refuse shall be collected in accordance with existing ordinances. Where suitable collection service is not available, the manufactured home park operator shall provide this service. All refuse shall be collected and transported in covered vehicles or covered containers.

M. Plumbing, heating and electrical repair work. All plumbing, heating and electrical alterations or repairs in a manufactured home park shall be made in accordance with city ordinance.

N. Skirting of manufactured homes required. Every manufactured home owner shall cause such home to be skirted with material approved by the building official after placement of the home. Areas enclosed by such skirting shall be maintained so as not to provide a harborage for rodents, or create a fire hazard.

O. Additions. No additions shall be built onto or become a part of any manufactured home unless approved by the building official.

P. Register of occupants. It shall be the duty of each licensee to keep a register containing a record of all manufactured home owners and occupants located within the park. The register shall contain the following information:

1. The name and address of the owner of each manufactured home.

2. The name and address of the manufactured home renter, if not the owner.
3. The make, model, year, lot number and exterior dimensions of each manufactured home.

The park shall keep the register available for inspection at all times by law enforcement officers, public health officials and other officials whose duties necessitate acquisition of the information contained in the register. The register record for each occupant registered shall not be destroyed for a period of three (3) years following the date of departure of the registrant from the park.

- Q. Management, maintenance and control of person in charge. An office, denoted by a sign, shall be maintained in every manufactured home park in which shall be located a person in charge of said park. A copy of the park license and of this article shall be posted therein and the park register shall at all times be kept in said office. A map of the manufactured home park shall be displayed showing the location of each lot. In the event no office is maintained in the manufactured home park, illuminated signs shall be maintained at each entrance to the manufactured home park showing the name of the manufactured home park and a map showing the location and lot number of each lot in the manufactured home park.
- R. Duty of owner and others regarding licenses. It is hereby made the duty of the attendant or person in charge together with the licensee, to:
1. Keep at all times the register of all occupants as hereinbefore provided.
 2. Maintain the park in a clean, orderly and sanitary condition at all times.
 3. Cut and control all noxious weeds.
 4. Post speed limit signs meeting the specifications of the city engineer at the entrances of the park restricting motor vehicle traffic to not more than fifteen (15) miles per hour.
 5. Notify the building inspector whenever a space is vacated.
 6. Notify the building inspector before a manufactured home is placed in a new or vacated space.
 7. See that the provision of this article and all other applicable laws and ordinances are complied with.
 8. Cap all sewers not connected to a manufactured home.
- S. Manufactured home placement permit. The manufactured home court owner shall

submit a permit application to the building inspector before a manufactured home is allowed to be placed in a new or vacated space in the owner's court. Such permit shall include the manufactured home owner's name, manufactured home make/model/size, date and time of anticipated arrival, and the court lot location assigned.

- T. Annual compliance plan review. Prior to the annual licensing of all manufactured home courts, an inspection shall be conducted for each manufactured home court to determine the court owner's conformance with the signed manufactured home court ordinance compliance plan. Such inspection shall include a review of all variances granted in the plans to determine the status and/or continued need for those vacancies.

* specified uses are listed within the district's applicable standards tables

** signs located along Interstate Highways shall meet DOT specifications.

In CC, RC, LI and HI zoned districts, on-premise signs along the Interstate Corridor may exceed the maximum sign height as stated above to allow a sign 40 feet above the road grade of the interstate.

(Amended: Ordinance No. 705, Adopted 3/16/2021)

12.07 Off-Premise Signs

Off-premise signs are allowed in the CC, RC, LI, and HI Districts subject to the following regulations:

- A. Off-premise signs will be allowed a maximum size of 288 square feet.
- B. Signs will be allowed a maximum height of 40 feet; and a minimum height of 12 feet.
- C. There will be a minimum setback for the sign face of 10 feet and a minimum setback for the sign structure of 22 feet.
- D. Signs located along Interstate Highways shall meet DOT specifications.
- E. On corner lots, no sign shall be located less than 30 feet from the intersection of the street right-of-way lines at the corner.
- F. No sign may encroach in any manner, including overhang, the street or highway right-of-way.
- G. Off-premise signs shall have no more than 1 structural support or pole.
- H. Off-premise signs shall not be located less than 500 feet from any other off-premise sign or a residential district.
- I. No sign may be lighted so it impairs the vision of any motor vehicle driver.
- J. No sign may imitate or resemble an official traffic control sign, signal or device.
- K. No sign may obscure or physically interfere with an official traffic control sign, signal or device.
- L. No sign shall include flashing, intermittent or moving lights, except those providing public service information such as time, date, temperature, weather, or news.

12.08 Fences

Fences may be erected in required yards, provided they meet or exceed the following requirements:

- A. No fence shall be erected or substantially altered without securing a placement permit from the Zoning Administrator. All such permits shall be issued upon a written application which shall set forth the type of fence to be constructed, the material to be used, height and exact location of the fence.
- B. Exposed electrical and other abnormally dangerous fences are prohibited within all districts. No barbed wire fence shall be erected or maintained except in NRC or HI districts. Within HI districts, a fence can only be topped with barbed wire beginning at a height of at least six (6) feet above grade.
- C. Within all districts, fences shall be constructed with materials customarily used and manufactured as common fence materials. This shall include ornamental iron, vinyl, masonry, stone, pressure treated wood or wood having a natural resistance to decay, and chain link. All other materials must secure a conditional use permit from the Planning and Zoning Board.
- D. No fence shall be erected or maintained in such manner as to unreasonably obstruct the view of others or their access to light or air.
- E. For R, MH, NC or CB District - Fences may be erected or maintained; provided that no fence over four (4) feet in height shall be erected or maintained in any front yard. On corner lots and double frontage lots, fences shall be no more than four (4) feet in height in the required front yard; however, fences no more than six (6) feet in height may be allowed in the second front yard when setback a minimum of ten (10) feet from the property line. In no case shall fences exceed a height of six (6) feet.
- F. For CC and RC District - Fences may be erected or maintained; provided that no fence over four (4) feet shall be erected or maintained in any required front yard. On corner lots and double frontage lots, fences shall be no more than four (4) feet in height in the required front yard; however, fences no more than eight (8) feet in height may be allowed in a second front yard when setback a minimum of ten (10) feet from the property line. In no case shall fences exceed a height of eight (8) feet.
- G. For LI and HI District - Fences may be erected in front, side and rear yards. In no case shall fences exceed a height of eight (8) feet
- H. No fence shall be erected which violates *12.02 - Visibility at Intersections*.
- I. There is no maximum fence height for public golf courses, public swimming pools, school track and field areas, parks, ball parks and public tennis courts on any

portion of the lot. Fences associated with these uses shall not be more than 30 percent solid.

- J. Fences that are adjacent to alleys shall be set back five (5) feet from the street/boulevard right-of-way.
- K. All fences or walls shall be located entirely within the property of the person or firm constructing the fence unless the owner of the adjoining property agrees, in writing and submitted to the City, that such fence may be erected on the common property line of the respective properties. All property line discrepancies shall be handled by the property owners and not by the City. It is the property owner's responsibility to determine where the lot lines are located – the city can assist with this but cannot guarantee the location of your lot lines. If there is any doubt, a survey is recommended.
- L. The height of fences shall be determined as measured from the highest grade elevation on either side of the fence wall to the top of the fence.
- M. Any structure placed within an easement that impedes the access or intended use of that easement may be removed by the City or the City's representative at the owner's expense.
- N. No fences may be built within drainageways and/or on drainage easements.

(Amended: Ordinance No. 683, Adopted 1/7/2020)

12.09 Telecommunications Tower, Antenna Support Structures and Wireless Communications Facilities

Regulations regarding development of telecommunications towers, antenna structures and wireless communications facilities are intended to encourage the development of a competitive wireless communications marketplace while protecting the health, safety, and welfare of the public and maintaining the aesthetic integrity of the community. The regulations cover the placement, construction, and modification of telecommunications facilities.

- A. A minimum distance of 300 feet from the telecommunications tower to any residentially zoned or used property measured from the base of the telecommunications tower to the property line.
- B. A minimum distance of ½ mile between telecommunications towers measured from the base of one telecommunications tower to the base of another except when an existing antenna support structure is used to co-locate a wireless communication facility.

- C. Building permit shall include documented Federal Communications Commission (FCC) approval prior to permit issuance.
- D. The maximum height for telecommunications towers and wireless communications facilities shall not exceed 100 feet for single users or 200 feet for two or more users. When such structure is located in an airport approach zone, Federal Aviation Administration approval will be required prior to permit issuance.
- E. The tower shall be constructed in a manner that will make it inaccessible for unauthorized persons to climb.

12.10 Site-Built Single-Family and Multi-Family Dwelling Standards

- A. All dwellings must be placed on a permanent foundation and the space between the foundation and the bottom of the home must be enclosed by concrete or approved products.
- B. All single-family dwellings shall be oriented on the lot, so that the primary pedestrian entrance faces the street or access easement.
- C. The primary roof line must have a minimum of a four/twelve (4/12) pitch. This is not applicable to re-roofing or additions to existing structures.
- D. Roofs shall be covered with shingles or tiles or a standing seam metal roof. Standing seam metal roofs shall utilize earthtone colors (i.e. blacks, browns, greens, tans, beiges and grays). Any metal roof that has exposed fasteners, semi-concealed fasteners on a façade, or any fastener system that does not adhere directly to the support system is prohibited. Corrugated sheet metal or corrugated fiberglass roofing is not permitted.
- E. Eaves and gable ends must be a minimum of twelve inches. This is not applicable to re-roofing or additions to existing structures.
- F. The exterior walls shall be similar in appearance to normal wood or masonry residential construction. Any metal siding shall have a vertical dimension no greater than twelve (12) inches. Corrugated sheet metal is not permitted.
- G. No dwelling shall be constructed, installed, or moved into the area under the jurisdiction of these regulations, unless said dwelling is constructed upon, installed on or moved onto a permanent foundation as defined in these regulations, excepting manufactured homes placed in an approved MH district. The Zoning Administrator or his or her designee shall inspect and authorize all dwellings moved into the City of Hartford. For the purposes of these regulations, manufactured housing shall be allowed only in the MH Manufactured Housing Residential District.

12.11 Landscaping Standards

It is the desire of the City of Hartford to encourage development which is environmentally sensitive and aesthetically pleasing. To assist in these objectives, a minimum standard for landscaping is prescribed.

- A. Within any zoning district, at least 90 percent of the required front yard setback shall be landscaped and maintained with living ground cover except for the portion of the front yard necessary for hard surfaced driveways (see 12.04).
- B. Within NC, CC, RC, CB, LI, and HI districts, one tree per 50 feet of lot width is required. No more than 50 percent of the trees may be planted in the street right-of-way. No more than 25 percent of the required trees may be deciduous ornamental, evergreen, or coniferous trees.
- C. Each existing tree of at least 1 3/4-inch caliper in size shall count toward the tree requirement.
- D. The unpaved portion of a dedicated public right-of-way abutting any development shall be landscaped with sod, seed, or other living ground cover. Only deciduous shade trees may be planted in the street right-of-way.
- E. Landscape areas must be capable of providing a substantially full expanse of foliage within three years after planting. All deciduous trees shall be 1 3/4 inch caliper and all deciduous ornamental shall be 1 1/4 inch caliper. Berms or other landscaping techniques may be used for all or part of the six foot screening if they have a maximum grade of three feet horizontal to one-foot vertical and sodded or planted with other acceptable living ground cover.
- F. Screening: A fence, wall, or shrubbery six (6) feet in height and of a character necessary for adequate screening shall be installed or planted when a parking lot is located adjacent to residentially used property or across the right-of-way from residentially used property (unless the right-of-way is an arterial street). Berms or other landscaping techniques may be used for all or part of the six foot screening if they have a maximum grade of three feet horizontal to one-foot vertical and sodded or planted with other acceptable living ground cover.
- G. Parking Lot Buffer Areas: A setback of at least eight (8) feet shall be provided between a parking lot and residentially zoned property.

Exception: If proper screening is provided, the setback may be two (2) feet.

- H. Lighting Standards: When property is adjacent to or within 150 feet of residentially used or zoned property, the following lighting standards apply:

1. The maximum light level shall be no greater than three (3) foot candles field measured at the property line (ground level).
2. The maximum height of light luminaries shall be 25 feet above the ground.
3. Canopy luminaries and other on-site lighting with luminaries greater than 2,000 lumens shall include a 90-degree cut-off type, deflector, refractor, or forward throw light fixture.
4. The maximum number of canopy luminaries shall be determined by the following industry standard:

$$\frac{\text{Canopy length (in feet)} \times \text{canopy width (in feet)} \times 3}{\text{Luminaries Lamp wattage}} = \text{Maximum No. of}$$

All other light luminaries shall have a maximum height of 38 feet above the ground. Submittal of photometric plans shall be required with all site plan checks for building projects on property with lighted parking lots or lighted canopies.

The following structures or uses are exempt from these lighting standards: public recreation facilities, parks, pedestrian walkways, illuminated flags or statues, airport runways, telecommunication towers, broadcast towers, and historic period lighting.

12.12 Home Occupations

- A. Criteria and Standards. All home occupations shall meet the following criteria and standards:
 1. The occupation must be conducted within a dwelling unit. The use shall be conducted entirely within the dwelling unit.
 2. The area set aside for a home occupation shall not exceed 20% of the total floor area of the residence, including garages. The permissible floor area includes that space necessary for storage of goods or products associated with the home occupation.
 3. The operation of the home occupation shall not cause or encourage excess vehicular or pedestrian traffic not ordinarily associated with the residential area in which the home occupation is conducted.
 4. Merchandise offered for sale shall be clearly incidental to the home occupation provided however, that, orders may be taken for later delivery off the premises.

5. On-premises advertising shall be limited to 1 nonilluminated sign not exceeding 3 square foot. The legend shall show only the name of the occupant and type of occupation and shall be neutral in color.
6. Such occupations shall not require substantial internal or external alterations or involve construction features not customary in a dwelling.
7. No toxic, explosive, flammable, combustible, corrosive, radioactive or other restricted material shall be stored on site.
8. No activity shall be conducted which would interfere with radio or television transmission in the area, nor shall there be any offensive noise, smoke, dust, odor, glare, vibration or heat noticeable beyond the premises.

12.13 Manufactured Home Requirements

A. Type I Manufactured Home Requirements

1. The pitch of the main roof shall not be less than one foot of rise for each four feet of horizontal run.
2. The minimum width of the main body of the manufactured home as assembled on the site shall not be less than 20 feet, as measured across the narrowest portion.
3. A wood or masonry foundation shall form a complete enclosure under the exterior walls. A minimum of 7 square feet per manufactured home space of wind resistant structure area shall be provided and installed according to Article 11-80 of Chapter 11 Building Guidelines for Manufactured Housing Installations.
4. The use of flat or corrugated sheet metal for the exterior walls is prohibited.
5. The manufactured home shall meet or exceed the International Building Code or Uniform Building Code Manufactured Home Construction and Safety Standards.
6. The manufactured home shall have 42 inch frost-free footings in zoning districts other than R-3.

B. Type II Manufactured Home Requirements

1. Manufactured homes can be of single or multiple sections
2. Provided with skirting of material which is not highly combustible and installed around the perimeter of the mobile home from the bottom of the

manufactured home to the ground.

3. Anchored to the ground to resist tipping and lateral movement in the manner contemplated by the manufactured design.
4. The manufactured home shall meet or exceed the federal HUD Manufactured Home Construction and Safety Standards.
5. A minimum of 7 square feet per manufactured home space of wind resistant structure area shall be provided and installed according to Article 11-80 of Chapter 11 Building Code Guidelines for Manufactured Housing Installations.

12.14 Bed and Breakfast Establishments

- A. Bed and Breakfast establishments shall be limited to a residential structure.
- B. They shall be in compliance with applicable state laws including South Dakota Department of Health, maintaining a guest list, and providing a smoke detector in each sleeping room.
- C. Such uses shall be an incidental use with an owner-occupied principal dwelling structure provided that not more than four (4) bedrooms in such dwelling structure shall be used for such purpose.
- D. Off-street parking requirements shall be one space per guest room and shall be in addition to parking requirements for the residence.
- E. The length of stay shall not exceed 14 days during any 120 day consecutive period.
- F. Meals shall be limited to breakfast which is prepared in a common facility (household kitchen). Meals may be served only to overnight registered guests and cooking is not permitted in the sleeping rooms.

12.15 Wind Energy Conversion Systems (WECS)

- A. General. Wind energy conversion systems shall be allowed as conditional uses in certain zoning districts. In addition to the standards set forth in Chapter 19 regarding all conditional uses, all wind energy conversion systems shall also meet all requirements of Section 12.15 herein.
- B. Setbacks. WECS shall be set back a distance equal to no less than 1.1 times the total height of the structure between the base of the WECS and the nearest property line.
- C. Tower height. In no event shall the height of a wind energy conversion system

exceed 55 feet in a NRC, R, MH, NC or CB District or 150 feet in a CC, RC, LI or HI District as measured from the ground to the rotor hub.

- D. Rotor clearance. Blade-arcs created by the WECS shall have a minimum of twenty (20) feet of clearance over any structure or tree. WECS attached to principal or accessory structures are exempt from this requirement.
- E. Rotor safety. Each WECS shall be equipped with both a manual and automatic braking device capable of stopping WECS operation in high wind or in conditions of imbalance.
- F. Noise. No wind energy conversion system shall produce more than 60 decibels of sound measured at the closest point on the closest property line from the base of the system. Information from the manufacturer of the wind energy conversion system shall be submitted at the time of the submittal of the conditional use application, ensuring that this requirement can be met once the system is operational.
- G. Electromagnetic interference. WECS shall be designed and constructed so as not to cause interference with radios, televisions or other electronic devices.
- H. Access. Appropriate safety measures must be undertaken to discourage unauthorized climbing of a wind energy conversion system tower.
 - 1. The tower shall not be climbable for a height of eight (8) feet above the ground unless the applicant proves it would not be a public hazard.
 - 2. All access doors to the tower and exterior electrical equipment shall be locked when not attended.
- I. Warning information. Information related to the maximum power output, nominal voltage and maximum current, and emergency shut-down procedures for the wind energy conversion system shall be posted near the base of the tower in a visible location.
- J. Lighting. WECS shall not have affixed or attached any lights, reflectors, flashers or any other illumination, except for illumination devices required by the FAA or other State or Federal agency.
- K. Manufacturer warranty/maintenance information. Upon application for a conditional use for a wind energy conversion system, the petitioner shall submit a manufacturer's statement documenting that the system has been successfully and safely operated in atmospheric conditions that are similar to conditions in Hartford.
- L. Construction standards. Any wind energy conversion system shall be constructed in accordance with all applicable life, safety, building and fire codes including but

not limited to the following:

1. Standard drawings of the structural components of the wind energy conversion system and support structures, including base and footings shall be provided along with the engineering data and calculations to demonstrate compliance with the structural design provisions of the City Building Code especially with regards to wind and icing loads. Drawings and engineering calculations shall be certified by a registered structural engineer.
2. Roof-mounted WECS shall include detailed plans illustrating roof construction, mounting techniques and wind load capacity.
3. Lightning Protection. Any wind energy conversion system shall have appropriate lightning protection to sufficiently protect all connected and adjacent equipment and structures from damage. The lightning protection system shall effectively discharge lightning energy from the structure to the ground through the application of shielding, lightning arresters and deep earth grounding.
4. All WECS shall conform to applicable industry standards, as well as local, state and federal regulations. An applicant shall submit certificate(s) of design compliance that wind turbine manufacturers have obtained from Underwriters Laboratories or an equivalent third party.

13

ADJUSTMENTS TO YARD REGULATIONS

13.01 Adjustment to Front Yard Requirements

A front yard may be adjusted to an average of the adjacent structures front yards where existing adjacent structures have a front yard less than required.

13.02 Adjustment to Side Yard Requirements

Buildings constructed prior to the effective date of this Ordinance with side yard setbacks of less than required by this Ordinance, may have additions erected in line with the existing building and provided further that said addition will be erected no closer to the lot line than the existing building.

13.03 Projection From Buildings

Every part of any required yard shall be open to the sky and unobstructed except:

- A. Eaves may project into a front, side, or rear yard;
- B. Ordinary projection of sills, belt courses, cornices, vertical solar screen, ornamental features which may project twelve (12) inches;
- C. Air conditioner may project into a required side or rear yard setback;
- D. An open, unenclosed porch may project into a required front yard for a distance not exceeding ten (10) feet. Balconies and paved terraces may project six (6) feet into a required front yard for a distance not exceeding six (6) feet. An enclosed vestibule containing not more than 40 square feet may project into a required front yard for a distance not to exceed four (4) feet; and
- E. Terraces, uncovered porches, platforms, decks, and ornamental features which do not extend above the level of ground (first) floor may project into a required yard, provided these projections be distances at least two (2) feet from the adjacent side or rear lot line.

14

NON-CONFORMING AND NON-STANDARD USES

14.01 Uses and Structures

A lawful use or structure existing at the time this ordinance is adopted or amended may continue even though such use does not conform with the district regulations subject to the following provisions:

- A. Whenever a nonconforming use or structure has been changed to a more restricted or conforming use, it shall not be changed back to a less restricted use.
- B. Should any nonconforming use or structure be destroyed by any means to the extent of more than 50% of its replacement cost, such nonconforming use shall not continue.
- C. When a nonconforming use or structure is discontinued for a period of one year, the City Council may adopt, after notice by certified mail to the property owners, an amortization schedule to bring about the gradual elimination of such nonconforming use.
- D. Any nonconforming use may be extended throughout any part of a structure which was arranged or designed for such use previous to the adoption of this ordinance, but shall not be extended outside such structure.
- E. No existing nonconforming use or structure shall be enlarged, moved, or structurally altered except to change to a permitted use. This is not to include normal repairs and maintenance which do not enlarge, move or structurally alter a nonconforming use.

14.02 Continuation of Non-Standard Uses

Nonstandard uses existing immediately prior to the effective date of this ordinance may be continued, although such uses do not conform to the provisions hereof. Nonstandard buildings or structures may be enlarged or extended, converted, reconstructed, or structurally altered as follows:

- A. Enlargements, extensions, conversions, or structural alterations may be made as required by law or ordinance.
- B. Structural alteration of buildings or structures may otherwise be made if such

changes do not encroach into an existing front yard, side yard, or rear yard which is less than the minimum required yards for the district in which they are located.

- C. Enlargement, extension, conversion of buildings or structures may otherwise be made if such changes comply with the minimum required yards, lot area, height, landscaping, parking, and density for the district in which they are located.

15

ADMINISTRATION AND ENFORCEMENT

15.01 Powers and Duties

The Zoning Administrator is hereby authorized and directed to enforce all the provisions of the Zoning Ordinance and establish rules for its administration. The Zoning Administrator shall have the power to render interpretations of this ordinance. Such interpretations shall be within the intent and purpose of the Zoning Ordinance, and be set forth in writing. In addition, the Zoning Administrator may consult or solicit technical advice, inspectors, city officials and other city employees to assist with the administration of the Zoning Ordinance. The Zoning Administrator shall be a City employee, with work week, hours of work and salary to be determined by the City Council or another person approved by the City Council. With approval of the City Council, the Mayor shall appoint the Zoning Administrator.

15.02 Right of Entry

Whenever necessary to make an inspection to enforce any of the provisions of this title, the Zoning Administrator and authorized representatives may enter such building or premises at all reasonable times to inspect. Provided such building or premises is occupied, the Zoning Administrator or authorized representative shall first present proper credentials and request entry. If such building or premises is unoccupied, the Zoning Administrator shall first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, the Zoning Administrator or authorized representative shall have recourse to every remedy provided by law to secure entry.

When the Zoning Administrator or authorized representative shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry of the building or premises, no owner or occupant or any other person having charge, care or control of any building or premises shall fail or neglect to promptly permit entry.

15.03 Stop Order

Whenever any work or use is being done contrary to the provisions of this title, the Zoning Administrator may order the work or use stopped by notice in writing served on any person engaged in the doing or causing such work to be done, and any such persons shall forthwith stop such work or use until authorized by the Zoning Administrator to proceed with the work or use.

16

BUILDING PERMITS, FEES AND CERTIFICATES OF OCCUPANCY

16.01 Building Permit

No new development, change of use, moving in/moving out of structures, demolition, or other action which may be regulated by the provisions of this ordinance including use, height, number of occupants, lot area, off-street parking or yard requirements, shall occur without a Building Permit issued by the Zoning Administrator, or his or her designee, of the City of Hartford.

- A. An Application for Building Permit, available from the Zoning Administrator of the City of Hartford, shall be completed by the landowner, personal property owner, landowner's representative, contract for deed holder with written permission from the property owner or contractor requesting the Building Permit. Completed applications shall be returned to the Zoning Administrator of the City of Hartford for review. To be considered complete, the application form shall be accompanied by the following additional items:
 - 1. Any required attachments, city fees;
 - 2. Two copies of plans drawn to scale, showing the dimensions and shape of the lot to be built upon; the exact sizes and locations on the lot of buildings already existing, if any; and the location and dimensions of the proposed building or alteration;
 - 3. Any additional information, as requested by the Zoning Administrator of the City of Hartford, as lawfully may be required to determine conformance with and provide for the enforcement of this ordinance.
- B. A temporary Building Permit may be issued by the Zoning Administrator of the City of Hartford for a period not exceeding 6 months during alterations or partial occupancy of a building pending its completion. The Zoning Administrator of the City of Hartford may attach conditions and safeguards to said temporary permit to protect the safety of the occupants and the public.
- C. One copy of the plans shall be returned to the applicant, after the Zoning Administrator of the City of Hartford has marked such copy as either approved or disapproved, and attested to the same by signing said copy of the plans. One copy

of the plans, similarly marked, shall be retained by the Zoning Administrator of the City of Hartford for City records.

D. If the Zoning Administrator of the City of Hartford determines the proposed action would not be in compliance with the provisions of these regulations, a Building Permit may not be issued, except upon completion of one of the following processes established in these regulations, as may be applicable to such proposed action. The Zoning Administrator of the City of Hartford shall inform the applicant when one of the following processes may be applicable:

1. Variance, and
2. Amendment.

Issuance of a Building Permit shall indicate that, in the opinion of the Zoning Administrator of the City of Hartford, the proposed use and/or alterations of existing use are in compliance with the requirements of these Zoning Regulations. Issuance of a Building Permit shall not be construed as waiving any provisions of these regulations. Proposed uses and/or alterations of existing uses which are not in compliance with the requirements of these Zoning Regulations shall not be issued a Building Permit.

16.02 Expiration of Building Permits

Every building permit issued under the provisions of this chapter shall expire by limitation and become null and void if the work or use authorized by such permit is not completed within 365 days from the date of such permit.

Any permittee holding an unexpired permit may apply for an extension of the time within which he may continue work under that permit when he is unable to complete work within the time required for this section for good and satisfactory reasons. The Zoning Administrator may, except as otherwise provided herein, extend the time for completion by the permittee for a period not exceeding 90 days upon written request by the permittee showing that circumstances beyond the control of the permittee have prevented action from being completed. No permit shall be extended more than once.

16.03 Fees

A schedule of fees, charges, and expenses for permits, change of zone, appeals, and other matters pertaining to this Zoning Ordinance shall be established by resolution of the City Council. The current fee schedule shall be available from the Zoning Administrator of the City of Hartford. All fees shall be the property of the City and shall be paid over to the Zoning Administrator of the City of Hartford for credit to the General Fund of the City which under no condition shall be refunded. Until all applicable fees, charges, and expenses have been paid in full, no action shall be taken on any application or appeal.

16.04 Certificate of Occupancy

No building, structure or land shall be used or occupied, and no change in the existing use of a building, structure or land shall be made until a final inspection has been completed. If it is found that the building, structure or land complies with the provisions of this Zoning Ordinance, a certificate of occupancy shall be issued.

A record of all certificates of occupancy shall be kept on file in the office of the Zoning Administrator of the City of Hartford, and copies shall be furnished on request to any person have a proprietary or tenancy interest in land or buildings affected by such certificate of occupancy.

16.05 Flatwork Permits

BOARD OF ADJUSTMENT

17.01 Establishment

A Board of Adjustment is hereby established for the City of Hartford, which shall consist of the members of the Hartford Planning Commission, pursuant to SDCL 11-4-13.

17.02 Powers and Duties

The Board of Adjustment shall have the following powers and duties:

- A. To hear and decide appeals where it is alleged there is error in any requirement or determination made by the Zoning Administrator of the City of Hartford in the enforcement of this ordinance.
- B. To hear and decide upon petitions for variances to vary the strict application of the height, area, setback, yard, parking or density requirements as will not be contrary to the public interest. A variance shall not be allowed to vary the use regulations.

17.03 Appeal Procedure

- A. Any person or persons, jointly or severally, aggrieved by any decision of the Zoning Administrator, may present to that Official, a notice of appeal, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. The notice of appeal shall be filed with the Zoning Administrator of the City of Hartford, who shall transmit to the Board of Adjustment all information and records concerning the appeal. Such notice of appeal shall be presented to the Zoning Administrator within thirty (30) days after the filing of the decision in the office of the Zoning Administrator.
- B. The Board of Adjustment shall keep a public record of all findings and decisions. All meetings shall be held at the call of the Chairman and at such other times as necessary. Each session at which an appeal is to be heard shall be a public meeting. No less than ten (10) days before the public hearing, the Zoning Administrator of the City of Hartford shall publish notice of the public hearing in a legal newspaper of the City.
- C. The public hearing shall be held. The appellant may appear in person, or by agent or attorney. Minutes of the public hearing shall be recorded and kept in the records of the Board of Adjustment. Written findings certifying compliance with the

specific rules governing the action considered at the public hearing shall be completed by the Board. The concurring vote of two-thirds (2/3) of the members of the Board of Adjustment shall be necessary to approve any appeal or arrive at any determination.

17.04 Variances

The Board of Adjustment shall have the jurisdiction to hear and decide upon petitions for variances to vary the strict application of the height, area, setback, yard, parking or density requirements as will not be contrary to the public interest. For purposes of these regulations, public interest shall include the interests of the public at large within the City, not just neighboring property owners. At all times, the burden shall be on the applicant to prove the need for a variance. The following issues are to be considered, each and all of them, as determining factors in whether or not the issuance of a variance is justified:

- A. An unnecessary hardship must be established by the applicant who applies for the variance. For purposes of this Chapter, an unnecessary hardship is a situation where, in the absence of a variance, an owner can make no feasible or reasonable use of the property. Convenience, loss of profit, financial limitations, or self-imposed hardship shall not be considered as grounds for approving a variance by the Board of Adjustment.
- B. Literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this ordinance.
- C. The variance requested is the minimum variance that will alleviate the hardship.
- D. Granting of the variance will comply with the general purpose and intent of this ordinance, and will not be offensive to adjacent areas or to the public welfare.
- E. No nonconforming use or structure in the same district and no permitted or nonconforming use or structure in other districts shall be considered grounds for the issuance of a variance.
- F. Exceptional and extraordinary circumstances apply to the property that do not apply to other properties in the same zone or vicinity and that result from lot size or shape, topography or other circumstances which are not of the applicant's making.
- G. In order to preserve the intent of these Zoning Regulations and to protect the public interest, the Board of Adjustment may attach conditions to a Variance. A Variance shall remain valid only as long as the property owner complies with any terms and conditions of the Variance, as attached by the Board of Adjustment.

- H. An Application for a Variance, available from the Zoning Administrator of the City of Hartford, shall be completed by the landowner requesting the Variance. Completed applications shall be returned to the Zoning Administrator for review. To be considered completed, the application shall contain the following information:
1. Legal description of the land on which such variance is requested, together with local street address;
 2. Name and address of each owner of the property;
 3. Name, address, phone number and signature of the applicant;
 4. Zoning district classification under which the property is regulated at the time of such application;
 5. Description of the variance sought from the Zoning Regulations;
 6. Be accompanied with a site plan, unless waived by the Zoning Administrator.
- I. The Zoning Administrator shall review the application, and shall make a recommendation to the Board of Adjustment to either approve or not approve said application. The Zoning Administrator's recommendation shall include a summary of the application, and the reasons and justification for either approval or disapproval of the application.
- J. The Zoning Administrator shall set the date, time and place for a public hearing to be held by the Board of Adjustment. The Zoning Administrator shall notify the landowner by mail, and shall post notices of the public hearing at the City Office and on the property affected by the proposed Variance no less than ten (10) days prior to the scheduled public hearing. No less than ten (10) days before the public hearing, the Zoning Administrator shall publish notice of the public hearing in a legal newspaper of the city.
- K. The public hearing shall be held. The applicant may appear in person, or by agent or attorney. Minutes of the public hearing shall be recorded and kept in the records of the Board of Adjustment. Written findings certifying compliance with the specific rules governing the action considered at the public hearing shall be completed by the Board. The concurring vote of two-thirds (2/3) of the members of the Board of Adjustment shall be necessary to approve any variance or arrive at any determination.

17.05 Court Review

Any person aggrieved by any decision of the Board of Adjustment may petition a court of record within thirty (30) days after the filing of the Board's decision as provided by SDCL 11-4-25.

18

AMENDMENTS AND CHANGE OF ZONE

18.01 Procedure

Zoning amendments and change of zones are changes to the City of Hartford's Zoning Regulations. Applications for amendment may be submitted by either the City or any owner of land within the City. The regulations, restrictions and boundaries set forth in this ordinance may from time to time be amended, supplemented, or repealed, provided however, that no such action may be taken until after public hearings, at which parties in interest and citizens shall have an opportunity to be heard.

The following procedure for requesting an amendment shall be followed:

- A. The Zoning Administrator of the City of Hartford shall review the application for amendment or change of zone and forward the application and his/her comments to the Planning Commission for review.
- B. The Zoning Administrator of the City of Hartford shall set the date, time and place for a Planning Commission public hearing. The Zoning Administrator of the City of Hartford shall publish notice of the public hearing in a legal newspaper of the city once not less than 10 days prior to the public hearing. At least one sign shall be posted on the property for a continuous period of ten (10) days immediately prior to any public hearing held by the Planning Commission to consider any rezoning application.
- C. The public hearing shall be held. Any person may appear in person, or by agent or attorney. Minutes of the public hearing shall be recorded and kept in the records of the Planning Commission.
- D. The Planning Commission shall either recommend or not recommend approval of the amendment to the City Council.
- E. The Zoning Administrator of the City of Hartford shall set the date, time and place for a City Council public hearing. The Zoning Administrator of the City of Hartford shall publish notice of the public hearing in a legal newspaper of the city once not less than 10 days prior to the public hearing. At least one sign shall be posted on the property for a continuous period of ten (10) days immediately prior to any public hearing held by the City Council to consider any rezoning application.
- F. The City Council shall either approve or not approve the ordinance describing the proposed amendment or change of zone to these Zoning Regulations, in accordance

with standard procedures for reading, approval, publication and effective date.

- G. When a proposed amendment or change of zone is approved by the City Council, the amendment shall take effect twenty days after publication, unless the referendum shall have been invoked.

19

CONDITIONAL USE PERMITS

19.01 Conditional Uses

Any conditional use approved by the Planning Commission shall conform to the standards set forth for such uses below. These standards shall be construed to be the minimum requirements for any of the specified conditional uses, and the Planning Commission may require additional reasonable stipulations at their discretion. In all cases, the impact of the proposed use on adjacent properties shall be a major consideration.

A. Procedure

The Planning Commission may authorize by Conditional Use Permit those uses specifically designated as Conditional Uses in Chapters 3 through 11. The Planning Commission shall impose such conditions as are appropriate and necessary to insure compliance with the Comprehensive Plan and protect the health, safety, and general welfare in the issuance of such Conditional Use Permit.

B. Application

To obtain a Conditional Use Permit, the applicant shall file an application, therefore, in writing on a form furnished by the Zoning Administrator. Every application shall contain the following information:

1. Legal description of the land on which such Conditional Use is requested, together with local street address.
2. Name and address of each owner of the property.
3. Name, address, phone number and signature of the applicant.
4. Zoning district classification under which the property is regulated at the time of such application.
5. Be accompanied with a site plan, unless waived by the Zoning Administrator.
6. Any other information concerning the property as may be requested by the Zoning Administrator or the Planning Commission.

C. Fees

Upon the filing of any application for a Conditional Use Permit with the Zoning Administrator, the applicant shall pay to the City the appropriate fee as designated by Resolution of the Hartford City Council.

D. Information on Site Plan

In addition to the following information, plans shall be drawn to scale upon substantial paper or provided electronically and shall be of sufficient clarity to indicate the location, nature, and extent of the work proposed and show in detail that it will conform to the provisions of this Chapter and all relevant laws, ordinances, rules and regulations. The Zoning Administrator may waive the submission of plans, if he or she finds that the nature of the work applied for is such that reviewing of plans is not necessary to obtain compliance with this Chapter.

1. The address of the property and the legal description.
2. The name of the project and/or business.
3. The scale and north arrow.
4. All existing and proposed buildings or additions.
5. Dimensions of all buildings.
6. Distance from all building lines to the property lines at the closest points.
7. Building height and number of stories.
8. Dimensions of all property lines.
9. Parking lots or spaces; designate each space, give dimensions of the lot, stalls and aisles.
10. Screening; show height, location, and type of material to be used.
11. The landscaped setback and trees; indicate species of trees and material to be used for landscaping.
12. Name and location of all adjacent streets, alleys, waterways and other public places.

Approved plans shall not be changed, modified, or altered without authorization from the Planning Commission giving final approval, and all work shall be done in accordance

with the approved plans.

E. Review and Public Hearing Procedure

Prior to the approval of a Conditional Use Permit, the Zoning Administrator shall meet with the applicant to review the application. After review of the application, the Zoning Administrator shall make a recommendation to the Planning Commission to either approve or not approve said application. The Zoning Administrator's recommendation shall include a summary of the application, and the reasons and justification for either approval or disapproval of the application.

The Zoning Administrator shall set the date, time and place for a public hearing to be held by the Planning Commission. The Zoning Administrator shall notify the landowner by mail, and shall post notices of the public hearing at the City Office and on the property affected by the proposed Conditional Use Permit no less than ten (10) days prior to the scheduled public hearing. No less than ten (10) days before the public hearing, the Zoning Administrator shall publish notice of the public hearing in a legal newspaper of the City.

The following procedure shall be followed by the Planning Commission in considering the recommendation of the Zoning Administrator:

1. The public hearing shall be held. Any person may appear in person, or by agent or attorney. Minutes of the public hearing shall be recorded and kept in the records of the Planning Commission.
2. Before any Conditional Use Permit shall be granted, the Planning Commission shall make written findings certifying compliance with the specific rules governing individual Conditional Uses and that satisfactory provision and arrangement has been made concerning the following, where applicable:
 - a. Ingress and egress to property and proposed structures thereon, with particular reference to automotive and pedestrian safety and convenience, traffic flow and control, and access in case of fire or catastrophe;
 - b. Off-street parking and loading areas where required;
 - c. Refuse and service areas, with particular reference to (a) and (b) above;
 - d. Utilities, with reference to locations, availability, and compatibility;
 - e. Screening and buffering with reference to type, dimensions and character;

- f. Signs, if any, and proposed exterior lighting with reference to glare, traffic safety, economic effect, and compatibility and harmony with other properties in the district;
- g. Required yards and other open space;
- h. General compatibility with adjoining properties and other property in the zoning district in which such use is to be located;
- i. The goals and objectives of the most recently adopted Comprehensive Plan.

The Planning Commission shall decide whether to grant the conditional use with such conditions and safeguards as are appropriate or to deny a conditional use when not in harmony with the purpose and intent of these regulations. The decision of the Planning Commission shall be final unless an appeal is filed in accordance with Chapter 19.01 (F).

F. Appeal of Planning Commission Decision

The decision rendered by the Planning Commission on a conditional use permit may be appealed to the City Council. The applicant or any other person aggrieved by the decision of the Planning Commission shall file a written appeal with the Zoning Administrator within five working days of the Planning Commission decision. When an appeal is filed, the Zoning Administrator shall present the Planning Commission's decision to the City Council for review. Notice of the meeting shall be given as required by Chapter 19.01 (E). The City Council shall vote to either uphold, overrule or amend the decision of the Planning Commission.

G. Expiration

A conditional use permit shall expire one year from the date upon which it becomes effective if no work has commenced. Upon written request to the Zoning Administrator and prior to the conditional use permit expiration date, a one-year time extension for the conditional use permit may be granted by the Zoning Administrator, subject to the following conditions:

- 1. There was no public objection presented during the public hearing process for the original conditional use permit;
- 2. The land uses for the surrounding properties have not significantly been altered since the original approval date for the conditional use permit;
- 3. Due to other on-going permitting processes or necessary engineering/planning studies relating to the specific project for the conditional use permit that may impact the one-year schedule for project completion.

A conditional use permit approved in accordance with Chapter 19 shall expire one year after the use discontinues on the premises, or the use is changed to another permitted use in the underlying district.

In all cases, the impact of the proposed use on adjacent properties shall be a major consideration.

- A. Permit Required. It shall be unlawful for any person to change the use of any lot, building, or structure regulated by this Ordinance, or cause the same to be done, without first obtaining a change of use permit or conditional use permit.

The Zoning Administrator may review and approve any change of use application for permitted uses within a zoning district if plans comply with all applicable standards. Any change of use that would require a conditional use permit must go through the conditional use permit process outlined in Chapter 19 of the Hartford Zoning Regulations and receive approval from the Planning Commission.

- B. Application for Change of Use. The applicant shall complete and submit an application which may be obtained from the Zoning Administrator. Every application shall contain the following information:
1. Legal description or address of the lot for which the change of use is requested.
 2. Name, address, and phone number of each owner of the lot for which the change of use is requested.
 3. The zoning district and use classification(s) under which the lot is regulated at the time of the application.
 4. The use classification(s) requested by the application.
 5. A site plan of sufficient clarity to indicate the location, nature, and extent of the use proposed shall be provided to the Zoning Administrator. Where applicable, all site plans shall contain the following information:
 - a. The legal description or address of the lot shown on the site plan.

- b. A north arrow.
- c. All existing buildings, structures, or additions thereto, with information regarding their dimensions, height, and number of stories.
- d. Distance from all building lines to the property lines at the closest points.
- e. Dimensions of all property lines.

All plans shall not be changed, modified, or altered, and all changes of use shall be performed in accordance with the approved plans.

Exception: The Zoning Administrator may waive the submission of plans related to Zoning Permits if he or she determines the nature of the change in use is such that reviewing plans is not necessary to obtain compliance with this Ordinance.

- 6. Be signed by the applicant, who may be required to submit evidence to indicate such authority if the lot has more than one owner. If the application is submitted online, the act of submission shall meet the signature requirement.
- 7. Any additional information concerning the applicant, the lot, the lot's current use(s), or the lot's requested use(s) as may be required by the Zoning Administrator.

- C. Issuance. Once filed pursuant to Chapter 20.01(B), the application shall be reviewed by the Zoning Administrator. If he or she determines that it contains all the required information and meets the requirements of this Ordinance and other pertinent laws and regulations, he or she shall issue the permit.

All permit fees shall be paid upon approval of the permit. Upon payment of the fee, the Zoning Administrator shall sign the permit, thereby making it effective.

- D. Appeals. The decision rendered by the Zoning Administrator on a change of use may be appealed to the Planning Commission. The applicant or any other person aggrieved by the decision of the Zoning Administrator shall file a written appeal with the Zoning Administrator within 5 working days of the Zoning Administrator's decision.

The Zoning Administrator shall set the date, time and place for any appeal hearings to be held by the Planning Commission. The Zoning Administrator shall notify the landowner by mail and shall post notices of the public hearing at the City Office and on the property affected by the proposed Change of use Permit no less than 10 days prior to the scheduled public hearing. No less than 10 days before the public hearing, the Zoning Administrator shall publish notice of the public hearing in a

legal newspaper of the City.

The Planning Commission shall vote to either uphold, overrule or amend the decision of the Zoning Administrator.

- E. Expiration. A change of use permit approved in accordance with Chapter 21 shall expire one year from the date upon which it becomes effective if the change of use has not been implemented, or one year after the use discontinues on the premises.
