

ATTENTION

HARTFORD RESIDENTS

Your annual landfill pass is going *paperless* starting **April 3, 2023.**

The Sioux Falls Regional Sanitary Landfill annual free pass program is changing! Instead of receiving a postcard that serves as a physical pass, **Hartford residents** will now scan their current driver's licenses or state IDs to redeem their landfill pass. While the pass itself is going paperless, the program remains the same: **one load* per household address.** (*less than 10,000 lbs gross vehicle weight)

If your driver's license or state ID does not match your current **Hartford** address, please bring a piece of mail to verify your current address. Passes for 2023 are valid through the remainder of the year.

For information on how to use your pass and other program details, visit www.siouxfalls.org/landfill or scan the QR code. Acceptable items include construction/demolition debris, furniture, appliances, yard waste, and tires, with limitations. Please visit the website for details on accepted items.

****This postcard is NOT a free landfill pass****
